Dr. Jane Henney  
Commissioner  
U.S. FDA  
5600 Fishers Lane  
Room 1471  
Rockville, MD 20857

Dear Dr. Henney,

I am writing to urge you to revoke the currently approved use of antibiotics in animal feed, and instead adopt the standards recommended by the World Health Organization and the Centers for Disease Control. I am concerned that the liberal use of antibiotics in animal feed to promote growth and prevent disease will result in the development of bacteria with increased antibiotic resistance.

Sincerely,

  
Kathleen Andrulis  
2066 Brys Drive  
Grosse Pointe Woods, MI 48236

99P-0485
